

How well do you know your 11 to 13 year olds? *(Choices Additional Materials Section 2)*

Decide if this is a common behaviour for this age range.

Mark the statement common/uncommon, think about how different personality types may respond.

- They talk less and make monosyllabic sounds
- They think they are being picked on all the time
- They do not like to negotiate
- They often express strong opinions
- They feel more attached to their homes
- They often wish everyone would leave them alone
- They value the opinion of their friends more than family
- They feel they are being treated like a baby
- They like to spend more time with family
- They do not express strong passions
- They do not like to shock
- They do not like social networking
- They do not like to spend time in their bedrooms
- They like challenges more
